Hermitage, PA 16148

or emailed to: mmckendry@hermitage.net

Pet Safety Rules: Pets must be on a leash, crated, or in an x-pen at all times. PetFest is not responsible for the actions of your pet. Pets must be under control at all times. Pets must be current of vaccinations. Pets must be sociable with other animals, adults, and children, and not be aggressive about food, toys, or owner. Pets must be comfortable in a loud and festive environment. Please be aware of the stress level of your pet at all times. We want this to be a positive experience for everyone. Pets must be at least four (4) months old, since younger animals have weak or no immune systems. Sponsors reserve the right to refuse entrance or ask anyone whose pet is exhibiting aggressive behavior to leave.

I also release any photos which may involve myself.

SIGNATURE REQUIRED: (Parent signature if runner is under 18)

What's new at the eCenter ♦ ♦ ♦ ♦ ♦

New Members

After a successful OH-PENN for Business College Business Plan competition, the second place winners - Team Volta - started incubating at the eCenter this summer. Michael Haizlett co-founder of GridHubs, has also started co-working with us and we hope will soon join the incubator program. Students from the Entrepreneurship Academy will also incubate with us this summer, working on implementing their ideas in the real world.

ECommerce Session

On June 22, we offered two FREE eCommerce workshops at the eCenter - 'LinkedIn for Marketing' and 'What's Working in eCommerce Today.' These were conducted by the eMarketing Learning Center in Erie. Starting this fall, we will be hosting a series of workshops, with a registration fee, that will be targeted towards more hands-on training in online marketing. See our website.

Open Coffee

Tim Horton's has graciously offered to be our annual sponsor for all Open Coffee events in 2016. We invite all entrepreneurs, or anyone interested in learning more about being an entrepreneur, for an afternoon of conversations - with no agenda and no speakers! Our last event was June 23, and the next one will be held on Thurs., August 11 from 2-4 pm. Register on our website.

VenturePointe - A New Partnership with Penn State Shenango

PennState
Shenango

Penn State Shenango was recently awarded one of six grants to partner with the eCenter and provide incubator facilities to its students. Starting July 1, PSU students and faculty will occupy a suite at the eCenter and work on implementing

their ideas. This is a great opportunity for our youth to foster their entrepreneurial spirit, test their ideas in a supportive environment and create an ecosystem of innovation in the community. We are very excited to begin this new partnership!

Start Up Weekend - Hermitage Edition

This fall, Hermitage will host the first Start Up Weekend in the region. The committee has sent in an application and will be confirming the details for the weekend shortly. In just 54 hours, you will experience the highs, lows, fun, and pressure that make up life at a startup. As you learn how to create a real company, you'll meet the very best mentors, investors, co-founders, and sponsors who are ready to help you get started. If you are interested in volunteering or being a participant, send us an email at ecenter@lindenpointe.com and stay tuned to our website for additional information: www.ecenterlindenpointe.com.

Kudos to all our participants!

7 teams from 5 colleges presented their ideas to a panel of judges - Don Morrison - Blue Tree Allied Angels, Brian Slawin - Ben Franklin Technology Partners, Dr. Jo Anne Carrick - Penn State Shenango, Brittany Housel - YBI, Rachel Leige - Penn North West Development Corporation, Kevin Webb - Webb Winery and Chip Beck - Entrepreneurship Academy Alumni.

The eAcademy at LindenPointe is reinventing the senior year for local students ♦ ♦ ♦ ♦ ♦

Senior Year – Reinvented . . . Building Relationships. Building Community.

Creating Networks

Brock Schaller, 2016 alumni. “The eAcademy is a boot camp for life; a great bridge between high school and the real world. Students realize this program is different from the very first day of class. Each student is accepted and valued for who they are when they walk through the classroom doors.”

The Entrepreneurship Academy is growing networks, creating awareness, and developing businesses at LindenPointe in Hermitage. This year students expand their network by meeting over a dozen influential speakers through the new eCenter@ LindenPointe’s e-Speaker Series. Speakers included: Don Morrison – Blue Tree Allied Angels, Mike Capsambelis - Google Pittsburgh, Josh Lucas- WorkHard Pittsburgh, Bibhuti Aryal – Rukmini Foundation, and Bill Besselman - Thread International. The eSpeaker Series is open to the public. See eCenter at eCenter@lindenpointe.com for further information.

Throughout the year student skill sets are defined, built and strengthened. Students are divided into business teams based on complementary skill sets. Each team produces a new viable business. This year’s businesses included: AutoChat -vehicle to vehicle communication with working prototype. CIP- a drink infuser. KIWI-wearable wireless charging gear. Quick Kart -grocery shopping application. ReRun- plastic ocean waste made into draw string bags. Sunny Solar Pots -solar powered pan for refugees. The Fourth Production-application that makes any book into an audio-book.

While expanding their networks and building new businesses students learn about their community and region. The program discovers, builds and strengthens student skill sets as it creates relationships with the local community. The eAcademy visited over 20 regional business ranging from small family owned business to large corporate manufacturing business.

Partnered with the eCenter at LindenPointe, the City of Hermitage, the Midwestern Intermediate Unit 4, and local school districts including: Hermitage, Commodore Perry, Sharon, Farrell, West Middlesex, Greenville, Mercer, Grove City and Union. Students attend their regular high school in the morning and come to the LindenPointe campus to engage in business, entrepreneurial and additive manufacturing classes.

2nd Year By The Numbers:

1 county • 6 school districts

7 new business concepts

12 influential speakers

20 students • 23 excursions • 40 alumni

Hickory High School First Year Alumni: Zack Smigel, Brianna Dzurisko, Kate Carpenter, Kyle Boyd, Megan States and T.J. Stefanak

Hickory High School Second Year Alumni: Joslyn Materna, Chip Beck, Josh Andrzejewski, Brock Schaller, Taylor Wiesenbach

Chip Beck, pictured here with Apple CEO Tim Cook, is a 2016 HHS and eAcademy graduate. His creative iOS App won him a student scholarship to attend Apple’s world-wide developer conference (WWDC16) in San Francisco, a huge accomplishment considering the competition was global.

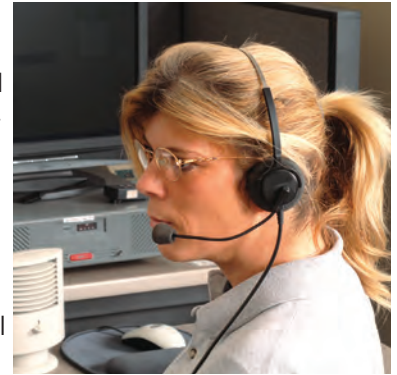

News from the Police Department ♦ ♦ ♦ ♦ ♦

The Hermitage Police Department responds to residential and business alarm activations throughout the city on an almost daily basis. The Hermitage Police Department wants to remind its residents and businesses that the city has an ordinance pertaining to burglar and robbery/panic alarms.

The ordinance requires each resident or business with an alarm to obtain a permit through the Hermitage Police Department. The cost for the permit is a one-time fee of \$5 and requires the completion of an application. The application requires contact information in the event that a business is closed or a resident is not home when alarm activations occur. This information aids the responding officer(s) in determining whether a crime has occurred and to facilitate a better check of the premises including the interior. It also assists the officers in securing the premises if needed. Those with current alarm accounts are asked to update their contact information by calling the records department at 724-983-6780. Those wanting to obtain a permit can stop at the police department during business hours to complete an application. The alarm ordinance was adopted in the late 1970's to curtail excessive false alarm activations by allowing for the assessment of fines. Currently, there are approximately 2,900 alarms registered at the police department, but occasionally due to a police response it's learned that some alarms are not registered. In 2015, police responded to 650 false/accidental alarms in Hermitage which is time-consuming for the department. The ordinance permits three (3) false or malfunctioning alarms in a 60-day rolling period. An incremental fine is assessed for additional alarm activations during this time.

Another task that the officers tend with is false 911 calls or 911 hang-ups. The majority of these calls are related to

cellular phones due to their prevalence. The Hermitage Police Department responded to 457 accidental 911 hang-up calls in 2015. Although these calls are accidentally dialed, officers have an obligation to check on their validity. This takes officers away from their normal patrol duties. Cell phone users are asked to lock their phone screens or use an alternative method to carry the phone to avoid accidental dialing. We also ask that children not be permitted to play with phones including old cell phones because they can still dial 911.

The Hermitage Police Department relies on its citizens to report suspicious activity to prevent possible criminal activity in and around the neighborhoods and businesses. Residents know their neighborhoods better than anyone else and know what is suspicious. Residents are encouraged to report suspicious activity when it is occurring so that the suspicious activity can be investigated immediately. Sometimes these reports aren't made until long after the activity takes place making an investigation difficult. The Hermitage Police Department relies on its citizens to be the extra eyes and ears of the department and oftentimes information provided by citizens has resulted in successful criminal prosecutions. Citizens are encouraged to work with the police in this manner to continue to make Hermitage a safe place to live and work.

Interested in serving on an ABC? ♦ ♦ ♦ ♦ ♦

Volunteers – an invaluable complement to the City

The City currently has 17 authorities, boards and commissions (ABCs) with over 70 City residents volunteering their time and talent to our community. They are an invaluable complement to the City in their advisory

role to the staff and Board of Commissioners. Members contribute informed opinions and multiple perspectives in the City's planning and decision making processes. They bring additional ideas and energy to existing programs as well as suggest future initiatives and innovations to consider.

Examples of just a few of the active ABCs are the Hermitage Planning Commission, Hermitage Municipal (Sanitary Sewer) Authority, Hermitage Zoning Hearing Board, Hermitage Parks & Recreation Board and the Hermitage Community & Economic Development Commission.

All of the ABCs are listed on the City website – www.hermitage.net. If you are interested in serving you can express your interest by completing the "Volunteer Interest Form" that is available on the website by clicking on "FORMS" then "Other/General". You can express your interest in a specific ABC or just a general interest by e-mailing the completed form to the City Manager at ghinkson@hermitage.net or dropping it off at the Municipal Building to the Manager's attention. As terms expire or vacancies occur, new members are needed. Fresh ideas, flexibility and diverse perspectives ensure that the City and its culture remain receptive to innovation and will anticipate change.

From the Fire Chief's Desk ♦ ♦ ♦ ♦ ♦

John R. Flynn, Fire Marshal

Who Are Your Firefighters?

Let me start by painting a picture for you... It's a beautiful, warm evening and the whole family is together. You are at your favorite restaurant having a great time laughing and catching up on life. The waiter comes over and everyone orders their favorite meal; you order a \$26 steak dinner. A little while later, the waiter brings your hot food and sets it in front of you. Your eyes are wide, your mouth is watering and the smell is what you have been craving all day. With fork and knife in hand ready to devour

it..... "BEEP BEEP BEEP", the fire pager goes off, "Report of a structure fire". Without hesitation, you jump up, give a nod to the family and off you go; leaving behind once again that great meal and the special time with your family (another cold meal, another ride home your family will have to

find). Can you or would you do this? There are some very special people in our community that do it all the time without complaint or hesitation.

These are your Hermitage and Patagonia Firefighters... dedicated to our community and the people they serve. These are the men and women who respond when you are in need. These are the people who will risk a lot (their lives) to save a lot (your life and your loved one's life). These are the people I am honored to stand next to and have them in my life.

Some of the responsibilities and training a firefighter has to go through is very time consuming. They train every Thursday

night for 3 hours, not including the specialized training several weekends during the year, attend and conduct public education and special events, fund-raise to offset expenses, maintain all the fire department equipment including 22 pieces of apparatus and, on top of all that, respond to emergency calls. Most of our firefighters have reached the level of Firefighter I which they have to complete a 196 hour training course before they can be certified. But here is the kicker; they do all this for "FREE!!!" The Hermitage and Patagonia Fire Departments are comprised of over 50 active volunteer firefighters with three paid staff: Chief, Deputy Chief and a secretary. They cover approximately 35 square miles of residential, commercial and industrial areas with a population of over 35,000 people on any given day.

I am writing this in honor of all the past and present firefighters who have served our community with pride and honor. I am very proud of all the accomplishments that these men and women have achieved. I ask you, the public, the next time you encounter one of these heroes, thank them for what they do and for putting their life on the line for complete strangers. Thank them for enabling you to sleep at night knowing if something happens they will come and solve your problem. Thank them for saving you thousands of dollars in taxes by being a volunteer. Thank them for eating a cold meal and leaving their families when you are in need. These men and women deserve to be on a pedestal. "Volunteers are unpaid not because they are worthless, but because they are priceless".

25th Annual Hermitage Volunteer Fire Department

Steak Fry
Saturday, August 20, 2016
1:00 - 7:00 pm
Shenango Valley Masonic Lodge

Hermitage Farmers' Market ♦ ♦ ♦ ♦ ♦

The City, along with the Shenango Valley Mall management and local growers and artisans welcome the community to the Hermitage Growers and Artisans Market. **The market is located on North Hermitage Road (State Route 18) on the property of the Shenango Valley Mall.**

The Market will run every Friday from 3:00 – 7:00 pm thru October 28th and provides an opportunity for farmers and

artisans in the region to sell what they produce and provide a positive market place and a memorable experience for the visiting consumers.

The City of Hermitage is excited about the opportunity to work with the mall and local vendors to create an enjoyable market experience in the central business district.

The Vietnam "Moving Wall"

**THE VIETNAM
"MOVING WALL"**

HERE AUGUST 4-8, 2016

Two structures of The Moving Wall travel the USA from April through November, spending about a week at each site.

The Wall will be on display in Hermitage, across the street from the Avenue of 444 Flags on East State Street.

This is the second time the Wall has been displayed here, paying tribute to those who served and died for our country. Stop by and pay your respects.

Water Quality Corner

The City of Hermitage is committed to protecting and improving stream & river quality in our community and region. Every resident can help to preserve our environment and water resources.

Create or Preserve Stream Buffers

If you have a stream on your property, you can protect the banks and improve water quality by creating a buffer of natural trees, shrubs and wildflowers between the stream and mowed lawn areas.
